Subject:	<b>DATA SHEET</b>	Version: 03	Date: December 2007
Product:	<b>SucraCote 25 ELP</b>	Catalogue Number: 48100	

**Description:** **SucraCote 25 ELP** is a microencapsulated Sucralose. It is a fine, free flowing powder where the crystals of Sucralose are granulated and coated with layers of cellulose derivative and hydrogenated vegetable oil.

**Specifications:**

Appearance:	fine, off-white free flowing powder.
Particle size:	50-1000 $\mu$ (300–18 mesh)
Loss on drying:	max 4%
Sucralose content:	24% (240 mg/g) min.
Taste:	Very slightly sweet
Bulk density:	~ 0.5 g/ml

**Stability and Storage:** Upon storage in a dry place at room temperature this material will keep its properties for at least two years.

**Packing:** As required by customer. Preferably 20 or 25 kg rectangular carton.

**Applications:** Slow Release in chewing gum.

**Processing:** The material should be used as powder. It can be dispersed in water, but is insoluble in water.  
The material should not be crushed or milled before or during processing as it might break the microcapsules.

**Regulation:** All ingredients are Kosher food quality materials and are approved by USA FDA and European authorities.

**Safety:** This product is safe for intended use. Avoid inhalation of dust or contact with eyes and mucous membranes by applying suitable protective measures and personal hygiene.
