

CarniCote®

Free-flow L-Carnitine

Microencapsulated CarniCote® is a free-flowing L-Carnitine powder that is easy to use in the manufacture of tablets, capsules and functional foods

CarniCote® health benefits

- Facilitates energy metabolism
- Improves exercise recovery time
- Supports cardiovascular health
- Plays a role in weight management

CarniCote® advantages

Free-flowing powder

- Microencapsulation places a protective barrier around the L-Carnitine crystals, preventing moisture absorption in this otherwise highly hygroscopic ingredient.

More active ingredient by weight

- CarniCote® 85 is 85% L-Carnitine base, providing greater space-savings than other L-Carnitine products on the market.

Applications

- Tablets/capsules
- Nutritional bars
- Energy bars
- Sports foods
- Functional foods

Creating innovative nutrition

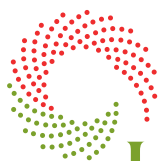

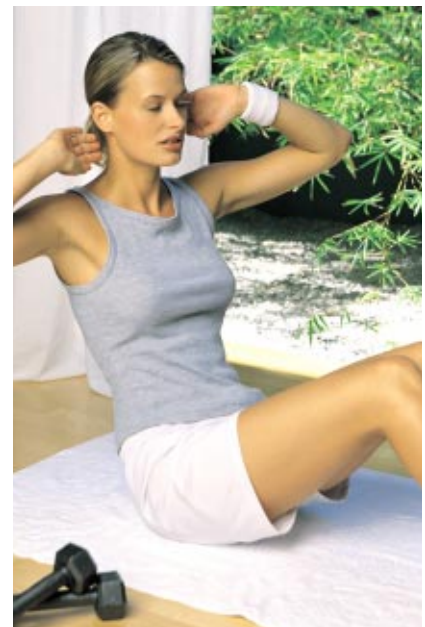

Comparison between CarniCote® and other types of L-Carnitine

	CarniCote® 85	CarniCote® 70C	Carnitine tartrate	Carnitine fumarate	L-Carnitine base
% L-Carnitine	85%	70%	68%	58%	100%
Highly hygroscopic	NO	NO	NO	NO	YES
Taste	Neutral	Neutral	Characteristic taste	Characteristic taste	Acrid

CarniCote®
Free-flow L-Carnitine
