### **Food Fraud Policy**

Lycored maintains a list of raw material and packaging suppliers. This list is updated regularly and includes country of origin (COO) and location of raw material and primary packaging suppliers.

Lycored is able to trace the quantities of raw materials and packaging supplies purchased from suppliers.

Lycored monitors the quality standards of all suppliers in the supply chain of raw materials and packaging supplies through the relevant supplier assurance measures including audits, certifications, questionnaires and supplier declarations.

Tamper proof seals are used for all intermediate and finished products.

Lycored's warehouses are secured and monitored on a 24-hour basis.

No historical fraud incidents (adulteration, substitution, contamination) have occurred within the supply chain of any of Lycored's products.

Sincerely,

A handwritten signature in blue ink that reads 'Elaine Bizzardi'.
