Certification of good manufacturing practices and permit to label food with GMP symbol

By virtue of my authority according to section 42 of the Public Health Protection (Food) Law, 2015-5776 and public health regulations (food) (good manufacturing practices), 1993-5753 (hereinafter - the Regulations), I hereby confirm, based on the information in my possession that the factory below meets our requirements for obtaining a Good Manufacturing Practice (GMP) certificate and has a permit to mark food with a GMP label according to section 46 of the law:

Factory name: **LYCORED LTD. 512107996**
Address: **3 Ben Ami Avraham St. Beer Sheva**
Manufacturing license no: **52598**

Good Manufacturing Practice Certificate for: the manufacturing of dietary and nutritional supplements

Terms and conditions in the certification and permit:

1. This certificate is valid for the address of the place of production only and is not transferable.
2. For any change in the details of the application for this certification or in the documents attached to it, the certificate holder shall report to the Food Control Service as soon as possible and no later than **14** working days.

Validity of the certification and permit from: **January 19, 2023** until **December 28, 2026**

The certificate was issued on: January 22, 2023

Sincerely, [signed and stamped: Penina Oren Schneider, Director of Food Control Services]
